

## Grief Counseling Services

Hospice & Palliative CareCenter and Rowan Hospice & Palliative Care offer individual grief counseling for anyone who is living with a life-limiting illness, caring for a loved one at the end of life, or grieving the death of a loved one.

Grief Counseling is available to hospice patients and families, as well as anyone in the community. We serve children, teens, and adults of any age, as well as families.

Counselors are licensed, masters-degree professionals. We have a Licensed, Board Certified Art Therapist on staff, as well as Counselors trained in EMDR.

Camp Carousel, an annual bereavement retreat for children, teens, and adults, is offered each summer in Winston-Salem.

Visit the Grief Counseling page at [www.hospicecarecenter.org](http://www.hospicecarecenter.org) for additional information, including a group counseling schedule. Requests for individual counseling may be completed via the HPCC website.

There are no charges for these services, though donations are welcomed and appreciated.
