

Supporting Grieving Families in your Faith Community

Trellis Supportive Care is here with Training and Support

Is this for you?

Whether your bereavement ministry is just beginning or more established, Trellis Supportive Care's grief counseling team offers grief education to support your program. As clergy and lay leaders, you provide support for families within your faith communities – and Trellis would like to support you.

- ② **Stay connected with other leaders who have completed our training:**
 - Quarterly meetings and peer support for bereavement ministry leaders
